Attn: Judge Robert D. Drain

Re: Delphi Corp Case # 05-44481 filed October 5, 2005
Document # 14705 to cancel OPEB(health insurance benefits) for all salaried retirees

Dear Judge Drain:

As a retired salaried employee, I wish to file my personnel OBJECTION to Document #14705. It was without any prior communications to us, and I believe it was intentionally filed with a short deadline to make it difficult to formally organize and legally respond.

I understand they (Delphi) has the right to terminate this benefit, but why couldn't they have given us more time to explore options? Ill feelings towards the company, and financial hardship will be the result of this action, both will undoubtedly negatively impact their sales in the long term.

Sincerely Yours,

A handwritten signature in cursive script, appearing to read "Gary L. Sisk".
